Fall 81 SALE...

CENTURI
FLYING MODEL ROCKETS

CENTURI ENGINEERING CO., INC. • BOX 1988 • PHOENIX, ARIZONA 85001

Dear Centuri Rocketeer,

Now is your opportunity to participate in the biggest sale Centuri has ever had! For the first time, in our 19 year history, we're offering more items at lower prices than ever. Many of these items are being closed out of the line, so act now. Quantities are limited and all orders will be filled on a first come, first served basis. At these prices stocks won't last long.

This Fall NASA launches the second flight of the Space Shuttle Columbia. The excitement generated reminds those of us who were there of the Apollo launches of the late '60s and '70s. You can get in on the thrill of a Shuttle launch too— from your own launch pad! Centuri's Space Shuttle Columbia kit (see page 1) will help you get your own Shuttle program off the ground.

Along with our many specials this Fall, we've included a Fall Engine Special including 24 engines and igniters. (See page 16.) It's a great way to stock up on engines at low, low prices.

But most of all, we want to call your attention to the special sale prices on kits in this catalog. Some are up to 50% off! This will be your last chance to pick up on our SSV Scorpion, UFO Invader and ESS Raven Super Kits as well as the three Fighter-Fleet kits in this catalog. Don't miss this opportunity.

Our best wishes for a great new school year and an exciting Fall with Centuri Model rocketry!

Sincerely,

Jeff Flygare
Direct Marketing Manager

"CENTURI MODEL ROCKETS ARE RECOMMENDED FOR AGES 10 TO ADULT. ADULT SUPERVISION IS SUGGESTED FOR THOSE UNDER 12 YEARS OF AGE WHEN FLYING MODEL ROCKETS."

WHEN YOUR SHIPMENT ARRIVES: Please do not be alarmed by this label on shipments containing model rocket engines. MODEL ROCKET ENGINES ARE SAFE! This label is technically required by law. Please note that "Flammable Solid" signifies the safest classification and that model rocket engines are safer than model airplane fuel or aerosol paint cans.

A SPECIAL MESSAGE: Occasionally we make the addresses of customers available to other companies who produce products you may be interested in. This means that you may be receiving advertising and sales literature from these companies in your mail. If you do not wish your name and address to be used in this manner, please inform us in care of our Consumer Relations Department.
